

Email Reports

The email reports help you to send reports to different reports periodically.

 The screenshot shows a software interface for managing email reports. At the top, there's a toolbar with a plus sign, a refresh icon, and a trash icon, followed by an "Actions" dropdown menu. Below this is a table with columns: Report, Interval, Reipient, Comment, and Asset. Two reports are listed: "Logbook Report" (Monthly, info@gps.at, Berichte per Mail) and "Total Monthly Overview Report" (Monthly, info@gps.at, 253). An "E-Mail" configuration dialog is open in the foreground, showing various settings:

- Active
- Interval: Monthly
- Reipient: [text input]
- BCC: [text input]
- Business Only
- Type: [dropdown]
- Asset: [dropdown]
- Comment: [text input]
- Show Advanced Options
- Condition: [text input]
- Min.: 0
- Customer (Geofence): [dropdown]
- Report: [dropdown]
- Language: English
- CC: [text input]
- Split
- Rawdata
- Restriction: [dropdown]
- Asset Group: [text input]
- Format: pdf
- Degree: [text input]
- Type: [dropdown]

 At the bottom of the dialog is a "Save" button. The main interface also has a "View: 111" dropdown and a toolbar with a lock, trash, and plus icon.
