

Masterdata (drivers, geofences, users, ...)

Common table features

Feature	Description
	Adding / Refreshing / Deleting entries
Actions	To show details
Excel	Download table data as Excel
Extend	Show the full table
Filter	Search for entry
Fields above the header	Search for entry in the column

The screenshot displays the 'Persons/Drivers' window in the GPS Fleet Software. It features a table with columns for Name, Person ID, Position, and E-Mail. A context menu is open over the 'E-Mail' column header, listing options such as 'Sort Ascending', 'Sort Descending', 'Auto Fit All Columns', 'Auto Fit', 'Columns', 'Group by E-Mail', and 'Freeze E-Mail'. To the right of the table, a list of fields is shown with checkboxes, including Name, Person ID, Position, ID, Report Group, Mobile number, Visa number, Person position, Date of birth, Place of birth, Nationality, E-Mail, Passport Number, Mobile, Passport Valid To, and Image. The interface also includes a top toolbar with 'Actions', a filter box, and a map mode selector. At the bottom, there is a 'View' dropdown set to 'std 2' and a 'Zellen' (Cells) dropdown set to '50'.

Show/hide additional fields by clicking on the column header

Below the table you can add/save/delete the new view
