

Email Reports

The email reports help you to send reports to different reports periodically.

 The screenshot shows a software interface with a window titled "Emails". At the top, there are icons for adding, refreshing, and deleting, along with an "Actions" dropdown. Below is a table listing reports:

Report	Interval	...	Recipient	Comment	Asset
<input type="checkbox"/> Logbook Report	Monthly	<input checked="" type="checkbox"/>	info@gps.at	Berichte per Mail	
<input type="checkbox"/> Total Monthly Overview Report	Monthly	<input checked="" type="checkbox"/>	info@gps.at		253

 An "E-Mail" configuration dialog is open in the foreground, showing the "General" tab. It includes the following fields:

- Active
- Interval: Monthly (dropdown)
- Recipient: (text input)
- BCC: (text input)
- Business Only
- Type: (dropdown)
- Asset: (dropdown)
- Comment: (text input)
- Show Advanced Options
- Condition: (text input)
- Min.: 0 (text input)
- Customer (Geofence): (dropdown)
- Report: (dropdown)
- Language: English (dropdown)
- CC: (text input)
- Split
- Rawdata
- Restriction: (dropdown)
- Asset Group: (text input)
- Format: pdf (dropdown)
- Degree: (text input)
- Type: (dropdown)

 At the bottom of the dialog is a "Save" button. The main "Emails" window has a "View: 111" dropdown and icons for locking, deleting, and adding at the bottom left.
